## ABOUT ME

---

My name is Sivthean Then. I'm 19 years old and from Banteay Meanchey province. In my family has 7 members, my mother, my father, three younger sisters, one younger brother, and me. My parents are farmers. My three younger sisters are students who two younger sisters are studying at high school, my last one sister is studying at secondary school, and my lovely brother is still a baby. Currently, I've been studying at RUPP. I'm a second-year Computer Science and Engineering student with a strong passion of IT field. Also, I have got scholarship from CSTAD, where I obtained knowledge in web design and fundamental java programming. Plus, I also got one more scholarship which supported by Samsung Innovative Campus of Samsung C&T Corporation. Currently, I am enrolled in C4C program which provided by USAID, which focuses on the fundamentals of AWS cloud computing. This program has been instrumental in expanding my understanding of cloud computing technologies. Finally, I want to express my feeling that I am excited to continue my journey in the IT field and explore new opportunities for growth and learning.
